

CPS features in two International reaching magazines!

Exciting News in June!

We are excited to announce that Crown Project Services was selected to feature in the current (June 2011) issues of both *Construction Digital* magazine and *Business Review Australia* magazine.

We are proud to have had the opportunity to expand the CPS message and mission on a platform where both magazines reach a national and international audience of business and industry contemporaries.

We would be delighted to invite you to read our article which is linked below, and invite you to contact us should you require the services of CPS at any time.

Many thanks,

David Hughes and Ian Tucker
